AMANUEL FIREW

SUMMARY

A motivated and proactive Software Engineering student with a GPA of 3.8, currently seeking opportunities to apply and enhance my skills in web development and gain practical experience in a professional setting. Personally, I have worked on projects for competitions and for my personal skills development. I am aiming to learn from your company how real-world web-development works and other things that would help me, and your company achieve our goals. I hope to add my web-development skills to your team, contributing to projects, and gaining valuable insights into how the industry works.
